#### 9.3.2. Rally Safety Tracking system

Organiser will provide a rally safety tracking system, which has to be used during reconnaissance in the reconnaissance car. If the system will not be used, it is a breach of the reconnaissance regulations. The progress of reconnaissance will be monitored via GPS system by rally officials. GPS data will be monitored also during liaisons. Evaluation of GPS data is within competence of Clerk of the Course. If reconnaissance vehicle is not equipped with a working tracking device, the crew will be penalized by Stewards. After reconnaissance, crews have to re-install the tracking device to the rally car.

#### 9.3.3. Principles on Security and Tracking

Security and tracking devices are connected to a monitoring centre that stores all data received. All data is stored on the same device. The device has a self-contained power supply that operates throughout the rally. The device has „SOS“ and „OK“ buttons.

Each device has a unique serial number that is assigned to each crew. During the event the Rally HQ will monitor the position and speed data of each crew.

By pressing a “SOS” button a crew reports an accident and requests an immediate assistance. In this case, it is obligatory to inform the Rally HQ by calling the telephone number indicated on the label. In case of an accident or technical problem during a Special Stage, by pressing an “OK” button a crew informs of a stop for more than 30 seconds and that immediate assistance is not required (even if a crew is trying to continue the rally).

Attention! In case of stopping at a Special Stage the device sends a “SOS” signal and the crew within 30 seconds must press “OK” button to remove the “SOS” signal sent by the system. A mobile phone of the crew must be switched on (or turned on in 60 seconds) so that the Race Control Centre could reach the crew.

Wrong “SOS” and/or “OK” signal transmission will be reported to the Stewards who may apply a penalty.

#### 9.3.4. Deposit

Each crew must pay a deposit of 200 EUR upon receipt of GPS tracking device. GPS tracking device may be removed from the car in Park Fermé after TC13A. Deposit will be refunded after proper return of tracking device. In case of retirement GPS tracking device must be returned to Rally HQ until 11-07-2020 21:00 at the latest.
